

Ulbo Basic UI Design Specification

1. Global Styles & Colors

Primary Brand Color (Yellow): #FFFF01

Disabled State Color: #9CA3AF

Description Text Color: #4B5563

Primary Typeface: Inter

Design Aesthetic: Neo-brutalism (Heavy black strokes, high-contrast blocks)

2. Interaction & States

Button Hover/Active State: Change background to #FFFF01 (Yellow).

Transition Effect: Ensure hover state has a snappy, high-contrast activation (Standard Neo-brutalism feel).

3. Layout & Spacing Tokens

Side Margin: 16px

Block Gap: 16px

Block Border Radius: 20px

Standard Aspect Ratio: 2:3 (Default rectangular blocks).

Typing Mode Aspect Ratio: 1:1 (When the keyboard appears, the active block must shift to a square 1:1 ratio, filling the available area above the keyboard).

4. Home UI Typography

(1) Header: 24px | Semi-Bold

(2) Level / Status: 20px | Bold

(3) Action Title: 16px | Bold

(4) Action Mission Detail: 16px | Bold

(5) Action Point Badge: 14px | Bold

Bottom Navigation Bar: 15px | Semi-Bold

5. Settings & Journal Screen

Button Radius: 20px

Setting Label: 20px | Medium

Setting Description: 12px | Semi-Bold (#4B5563)

Journal Category Header: 25px | Semi-Bold

Ulbo Basic UI Design Specification

Journal Question Text: 16px | Semi-Bold

Journal Answer / User Input: 16px | Medium

6. Developer Implementation Notes

- Borders: Apply consistent black strokes to all primary blocks.
- Adaptive Layout: Implement logic to resize rectangular (2:3) blocks into square (1:1) blocks when focus is on a text field (Typing State).
- UI Consistency: Ensure the #FFFF01 highlight is applied instantly on user hover/interaction to reinforce the bold branding.
